Allowable Subject Matter

The following is a statement of reasons for the indication of allowable subject matter: Claims 1-13 and 15-46 are allowable subject matter because the Examiner agrees with applicant's arguments that the prior art of records fails to disclose distinct features for determining a file identifier based on a data identifier, wherein the determining comprises dividing the data identifier into at least two portions, and either performing an XOR operation on the portions or concatenating the portions in order to determine the first identifier.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
